Grand Jury Bills Seven, Finds Murder Charge

MFB ANNOUNCES 93 Pints Given . . .

QUEEN CONTEST FOR JULY 12

The Milam County Farm Bureau has announced plans for a queen and junior queen contest July 12. It will be held for contestants--16 - 22 for the adult contest, 3-6 for the juniors -- at 8 p. m. July 12 at First Methodist Fellowship Hall.

The County winner will receive a cash prize and other contestants will receive gifts. Milam Farm Bureau officials said. Entry deadline is 5 p. m. July 2. Winner of a District contest, composed of a number of counties beside Milam will win a watch and expense paid trip for competition at Texas Farm Bureau.

Officials said this is an "honest-to - goodness queen contest with judges rating entrants on poise, charm, appearance and other qualities that make up winsome Texas future homemakers."

Emphasis was placed on the fact that "there is nothing personal in the project. The contest is anticipated to familiarize more farm and ranch girls and other young people with the principles of the Farm Bureau." Entrants must be a daughter or sister of a Farm Bureau member in Milam County and live in the same household with a MFB member.

Each contestant will be required to speak approximately one minute on some subject pertaining to Farm Bureau.

Contest committees are: John A. Smith, Cameron, chairman; and Mr. and Mrs. Edwin Lehman, Rt. 2, Buckholts; Mr. and Mrs. A. T. Swamy, Rt. 1, Burlington; Mr. and Mrs. W. A. Conn, Rt. 1, Thorndale; and Mrs. Bernice Charles, Rt. 3, Rockdale.

NM Blood Fund Drive Set

A total of 93 persons donated blood to the Red Cross Bloodmobile Friday and plans were announced for a crash Red Cross Fund drive in North Milam County from June 1 to June 15.

John Henderson, Jr., Cameron bloodmobile chairman, reported that the 70 - pint quota was exceeded when Cameron donors gave the blood program a boost over the quota Friday afternoon at First Methodist Fellowship Hall.

County Red Cross officials met Friday night to review the status of the Milam County Red Cross program and announced plans for two - week program to raise \$3,100 for administrative funds to operate

the blood program and bloodmobile in North Milam County.

County Red Cross chairman is H. D. Maxwell, county school superintendent.

MONEY NEEDED

Central Texas Red Cross officials said that blood contributions alone would not save the blood program in North Milam County.

Funds normally received through the North Milam United Fund are not now available, officials said, since the NMUF did not function last fall. The Red Cross normally receives a pro - rata share, an estimated \$2,000 one official said, from North Milam United Fund contributions.

Volunteer workers are being contacted for the two - week campaign in June. The North Milam area includes all communities north of Little River in Milam County.

Officials said that the South Milam Fund had provided sufficient funds for continuing the blood program there, but the North Milam blood program is in jeopardy.

Complete information on the North Milam blood program, its history and functions, will be published or broadcast by the Herald and Radio KMIL prior to the June Red Cross fund drive.

Texas Red Cross officials told Milam County Red Cross board members that funds for Red Cross go to give aid in disaster relief such as Hurricane Carla, floods, and major disasters of all kinds.

ROCKDALE OFFICE

A red Cross administrative office is operating in Rockdale for making contacts for emergency leaves for Service personnel and other administrative chores, officials said. Some of the funds maintain that office and one clerk.

But the main project is providing a minimum operating fund to keep blood going to Cameron hospitals, officials said. If enough operating funds are not raised, the current blood program will continue until the supply is depleted, then abandoned.

Frank Luecke, of Cameron was named to head the June Red Cross fund in North Milam County.

TWO CHARGES RETURNED ON CITY FRACAS

A Milam District grand jury returned seven true bills Friday, including two indictments for murder and assault against a Fort Hood soldier.

The 12 - man panel returned indictments of murder with malice and assault with intent to murder against Joe Kellough, 24, Negro, a private in Btry A, 6th Artillery, Fort Hood.

He is charged in the shooting death of Willie Samuel Swain, 21, of 1102 W. 10th St., killed in the early hours of April 1 on a West Cameron street.

ONE WOUNDED

Wounded in the same melee in which Swain was killed was Robert Lee Milton, 37, of Rt. 1, Milam. The charge of assault with intent to murder followed Milton's wounding.

Other indictments included three counts of burglary, one robbery and one felony theft.

Indicted for burglary were: Willie Foster, Robert Otha Hill and Arthur Williams, according to Milam District clerk records.

Charged with robbery was A. C. Potts and charged with felony theft was Arrin E. (Gene) Shaffer.

SIX TESTIFY

The grand jury heard testimony of six witnesses before returning the seven true bills, records showed. The panel met throughout the day last Friday.

Jurors were: Joe G. Moore, foreman; Niley J. Smith, secretary; and Lloyd Enquist, K. D. Griffin, Narvie Carpentier, Harold Staffebach, Dick Ellison, Jack Thompson, Walter Anderle, David Boney, Barclay Jeter, and Coleman Kelly, Jr.

New Principal Hired For YHS

Jack R. Hughes was elected to the position of Yoe High School Principal at a meeting of the Board of Education for the Cameron Independent School District May 17. For the past two years, Hughes has been employed as high school principal of the Point Isabel Independent Schools, Port Isabel, Texas. Prior to this, Hughes worked in the high schools at Boling, Needville and Bellville.

Hughes holds Bachelor of Science and Master of Education degrees from Southwest Texas State Teachers College, San Marcos. He is 35 years of age, married and has three children.

The Hughes plan to move to Cameron soon after the close of the current school year.

Kansas Man Charged

In Shooting Here

Willie Eugene Milo, 22, Negro, of Dodge City, Kansas, has been charged with assault with intent to murder following a shooting of a Cameron Negro early Sunday.

Charles L. Hobbs, 24, of Cameron, was treated for bullet wound in his right arm and later released from St. Edward's Hospital.

The shooting occurred at Bubba's Place, Cameron, officials said.

Alice Pearl Milo, 19, of Temple, sister of the man charged with the shooting, was arrested Sunday on a charge of disturbing the peace. She was released after paying a \$20 fine in City Court.

Police Chief Elvin Hoskins said the shooting occurred about 12:30 a. m. Sunday. The complaint against Milo was filed before Justice B. G. Rice.

Parish To Review

Church Problems

The Rev. John Geiser, pastor of St. Monica's Catholic Church, has announced there will be a meeting of the entire parish membership at 2:30 p. m. Sunday at Simon-George Hall.

Purpose of the meeting is to consider and discuss some parish problems. All parishioners are asked to attend.

By FML

Everybody expects the subject of at least part of this column to be about a 8 - pound, 2 - ounce baby boy born 12:57 a. m. Sunday, but I'm not going to say a word about him.

103 - 103 - 103 We learned this week that the Yoeman Chant, Yoe High School's newspaper, has won an Award of Merit in Journalism for worthy contributions made to the school for maintaining a notable level of journalistic quality. It was presented by the Interscholastic League Press Conference.

This is a fine tribute to their sponsor and a group of youngsters who take the work of putting out their bi - monthly paper seriously and producing it competently. Editor this year was Margaret Nance and sponsor was English teacher Mrs. M. Louise Green.

The significant thing about this award was it was earned in the first year the Chant went into newspaper style and print. Hundreds of Texas high schools produce newspapers by various means many of them printed, most of them mimeographed. To rate kudos the first year is real achievement.

103 - 103 - 103 We add our personal congratulations to the 1962 seniors whose pictures and achievements are cited in The Herald's sixth annual

Graduation Section. Somewhat like the annual Christmas edition, it may seem to be overemphasis even on the fine subject of graduation.

But graduation from high school has more importance now than at any time in the history of education in American schools. Maybe some youngsters who drop out of school will note this recognition, and see its value and continue a basic requirement they otherwise would miss.

Scholarships For Two Yoe Students

James Edwards and Phillip Hubnik, seniors at Yoe High School have been awarded Opportunity Award Scholarships at Texas A&M College.

Each boy received a four year scholarship totaling \$1,000. These students were selected by the scholarship board at Texas A&M College. These boys submitted applications to the college this spring.

Phillip Hubnik also received the Lions Club Scholarship which is being offered for the first time this year. The amount of the scholarship is \$250.

Town, Country Church Program

Plans Announced

COLLEGE STATION — Program plans for the 17th annual Town and Country Church Conference scheduled for October 17-19 at Texas A & M College are complete. Two major changes are noted by Tom Prater, extension farm management specialist and program committee chairman.

First, the dates for the conference have been shifted from June to October in order to get more widespread participation and perhaps of equal importance, more favorable weather, says Prater. Secondly, in the past the program has been designed primarily for pastors and leaders from rural church areas. The theme of this year's conference will be, "The Dignity of Man in Town and Country Living" and discussions and workshop sessions enlarged to include social and Christian development problems of all youth and adult citizens, Prater explains. Speakers and discussion leaders will include, in addition to pastors and members of the Department of Agricultural Economics and Sociology at Texas A & M College, staff members from the Texas Youth Council, Texas Department of Corrections, and city courts.

COTTON PROGRAM

A pilot program aimed at diverting low - quality cotton and cotton by - products into a bagging material for cotton bales has been announced by the U. S. Department of Agriculture. Details of the program, are available from the cotton Division, Agricultural Marketing Service, USDA, Washington 25, D. C.

Whole Milk Sales Provide Dairymen

Major Market

COLLEGE STATION — Texas dairy farmers are selling an increased share of their production as whole milk to plants and dealers while the proportion sold as farm - skimmed cream continues to decline. Retail sales of milk and cream by farmers and use of milk on farms where produced also are on the decline, reports A. M. Meekma, extension dairy specialist.

Texas dairymen marketed 2,610 million pounds of milk to whole-sale plants and dealers in 1961 compared with 1,870 million pounds in 1960. Sales as farm - skimmed cream dropped from the equivalent of 253 million pounds of milk in 1960 to 25 million in 1961. Over the same period, retail sales by farmers fell from 210 million pounds to 60 million, Meekma "points out."

Texas farmers used only 280 pounds of their production in 1961 as compared with 1,118 million at the beginning of the 1950's. This includes milk fed to calves and that consumed as fluid milk, cream and butter. Generally, the trend has been fewer farmers, fewer cows and more per cow production, according to specialist.

INTRODUCING

New Officers For Rogers FFA

ROGERS — The 1962 - 63 officers of the Rogers High School chapter of the Future Farmers of America were presented at the annual Parent - Student banquet held Thursday night in the high school gym, with President Maxie Morgan as toastmaster.

Barbecued chicken with all the trimmings were served to more than 200 boys, their parents and special guests, J. H. Merka, VA teacher and advisor to the FFA boys with his assistants prepared the meal.

The new officers will be: President, Jerry Wright; vice president, Steve Castillo; reporter, Kenny Waits; secretary, L. P. Collier; treasurer, Ronald Duback; sentinel, Tino Gloria; advisor, Willie Quintero.

At the banquet after a film shown of the highlights of the annual camping trip in June the past two years was shown, plans were announced for the 1962 camping trip as follows: four days at the Lower Colorado Youth Camp near Marble Falls from June 4 - 7 inclusive.

COTTON REPORT

Farming activities moved at a rapid pace with warm, dry weather prevailing. Trading in some of the spot markets increased. Shipper demand was slightly stronger. Domestic mill buying was light. Interest from abroad improved.

Warm, dry and windy weather prevailed generally this week. Thunder storms occurred in western and north - western sections. Local heavy rains and hail caused some crop damage. Throughout the area high winds have sapped surface moisture and dryland acreage in most all sections need a good rain. Cotton planting, replating ad rain. Cotton planting replating and cultivation made good progress in most sections.

Planting is well advanced in central west, North, East and central Texas. Stands and cultivation are generally good. In the Coastal Bend area crop prospects are good to excellent in the northeastern counties, fair in the northern counties and poor in the southern and western. The Valley crop continued to be very promising. Plants are full of blooms with small bolls forming. The insect situation continues to be very encouraging in the early producing area. Spot control measures were holding infestations to a minimum.

Spot prices were steady and unchanged from last week. Activity in the markets improved and sales were slightly larger in volume, consisting mostly of trading between shippers for qualities needed for nearby deliveries. Purchases were largely of Strict Low Middling and above grades in 15-16 through 1-1-16 of good character. Reports indicated shippers were reducing stocks.

County Agents Notes

Small Vegetable Crops Look Good

By J. D. Moore
Milam County Agent

Reliable sources estimate no more than 200 acres of tomatoes in Milam county for 1962. Some producers remember when tomato acreage ran as high as 2,000 acres. What causes these changes? One of the recommendations given to the county Program Building Committee last fall was to emphasize truck farming in Milam county. It is financially advisable to spend 3 months with a tractor and two

or three hands on two or three acres of tomatoes, cantelopes or other truck crops?

Due to low prices received for tomatoes in the valley last year, acreage there is down 7,000 acres this year. Most of the producers in the Milam and Rockdale area find it more profitable to follow public work jobs rather than risk the investments involved in truck farming.

Then too, livestock farming fits well into the public job schedule. Larger acreage of watermelons grown in the Rockdale area last year were profitable due to favorable prices, and a good crop. More part - time farming is in prospects for Milam county.

Mr. and Mrs. Lon A. Speer of Denton were weekend guests of their daughter and family, the James Kahlers.

Milam ASCS

Report

By Milam County ASCS

The U. S. Department of Agriculture May 8 announced a marketing quota penalty of \$1.59 per bushel on 1962 - crop "excess" wheat production, according to Alva E. Sanders, Office Manager of the Milam County Agricultural Stabilization and Conservation Service. This compares to a 1961 - crop penalty rate of \$1.08 per bushel. When wheat marketing quotas are in effect as they are for 1962-crop wheat, the law requires penalties on excess wheat production at the rate of 65 per cent of parity as of May 1 of the crop year. The rate announced May 8 reflects 65 per cent of the May wheat parity price of \$2.44 per bushel.

The Agricultural Act of 1961 increased the rate of penalty to 65 per cent of parity. Previously the penalty rate had been set at 45 per

cent of parity by law. This rate times a farm's wheat excess, expressed in bushels, determines the actual amount of penalty.

The 1961 act also changed the basis for determining the wheat marketing excess. The amount of wheat subject to penalty will be assessed on double the normal bushel yield on the excess acreage. The wheat marketing excess in bushels is determined by multiplying the overage in acreage times the yield figure. This bushel figure times the penalty rate announced May 8 determines the farm's quota penalty in dollars. This may be paid in cash or the payment may be avoided by storing the excess wheat under bond or by delivering it to the Secretary of Agriculture in accordance with special instructions. When the penalty is satisfied, the remaining wheat may be marketed penalty free. However, if the penalty is not satisfied, any wheat marketed has an automatic lien against it, according to Sanders.

REPORTABLE DISEASES

Reportable diseases in Milam County for the week ending May 19, 1962 were 15 measles and 15 strep throat according to Dr. T. E. Crump, acting director of the Milam County Health Department.

SEVIN[®]

INSECTICIDE

draws the line against early-season cotton insects!

Don't let early-season insects stunt your cotton. Give your crop a fast, strong start toward big, profitable yields with the powerful, lasting protection of SEVIN insecticide. You knock out thrips, fleahoppers and boll weevils at low cost by using SEVIN early. SEVIN is the only cotton insecticide that gives you all these benefits:

- **SEVIN controls hard-to-kill fleahoppers and weevils** that are resistant to other insecticides.
- **SEVIN is effective in cool weather** and retains insect-killing power in extreme heat and sunshine.
- **SEVIN does not delay cotton maturity.** Aim for early harvests by using SEVIN.
- **SEVIN is long-lasting**—the durable residue controls insects throughout the season with a minimum number of applications.
- **SEVIN is safer to use** than many other insecticides. No special protective clothing is needed when applying SEVIN. Just use simple precautions.
- **SEVIN reduces the drift hazard**, because it can be used on more than 50 different field, fruit and vege-

table crops. Nearby forage and hay crops can be fed to livestock with no contamination of milk or meat.

- **SEVIN controls other insects** such as "budworm," bollworm, pink bollworm, tarnished plant bug, leafworm, leaf rollers, fall armyworm, stink bugs, flea beetles, leafhoppers, striped blister beetles, grasshoppers, leaf perforator and salt marsh caterpillar.

- **SEVIN is now available in new, easy-mixing Sprayable** formulation and in dusts. With SEVIN Sprayable, be sure to use 50-mesh screens in spray equipment. For effective, economical results, follow label instructions carefully.

See your nearby SEVIN supplier today. Or write for full information to Union Carbide Chemicals Company, Division of Union Carbide Corporation, 270 Park Avenue, New York 17, N.Y. Use SEVIN to boost your cotton yields. When insects attack—Sock 'em with SEVIN!

ROGERS — Final details have been worked out for the summer baseball program in Rogers staged annually by the Rogers Community Service Club, according to Wayne Crawford, president of the Club.

Games will be played on Tuesday and Thursday evenings at 7:30 p. m. for the first game and 8:30 for the second game, beginning May 29 at the high school baseball diamond.

These Little League games are unaffiliated. The "Cardinals" are being coached by Emil Schiller and Pete Smith; the "Yankees" by D. Northam and B. Knight; the "Braves" by Elwood Raley and Doody Ward; the "Tigers" by H. A. Allison and W. Crier.

The "Cardinal" team consists of Wallace Reese, Art Smith, David Synatske, Mike Heintze, Freddy Morgan, Larry Spacek, Mike Lowrance, Ernest A. Fuchs, John Alexander, Jimmie Davis.

The "Yankees" are: Charles Sulak, James Springer, Albert Lamsome youngsters who would drop deroos, Joseph Green, Michael Schneider, Ronnie Tucker, Michael Mayfield, Richard McDowell, Terry McNeill, Don Adams.

The "Braves" are: Leonard Pnka Dale Sitz, Ricky Raley, James Rose, Willie Stermer, Steven Ward, John Zellisko, Ruben Quintro, Doyle McQueen, Marcus Reese, Elvin Warwick.

The "Tigers" are: H. L. Allison Jr., Mickey Jimenez, Ricky Henson, Jackie Fowler, Patrick Geistman, Jimmy Crawford, David Henson, Raymond Davis, Glenn Psenick, Clayton Thompson.

Hawaiian Theme For Jr. - Sr. Prom

The Junior Class of Yoe High School transformed the gymnasium into a beautiful Hawaiian garden to honor the Senior Class of 1962 at the annual Jr. - Sr. prom.

The juniors, seniors and their dates danced to the music of George Netherly under a ceiling of shimmering pink and glittering stars. The sides of the gym were banked with ivy, magnolias and other pink and white flowers. The theme of the prom was further depicted by a beautiful 12-foot painting of a "Hawaiian Sunset."

Freshmen girls dressed in hula skirts and mu mu dresses served punch to the guests as they were seated at tables around the gym between dances.

At 11 p. m. the Prom Princess and her court were introduced by Junior Class President Tom Moody. The Prom Princess, Miss Rebecca Harden, was presented a beautiful bouquet of pink carnations. Her court consisted of Misses Doris Trdy, Karen Adams and Frances Jackson.

In addition to the Little League schedule, there will also be the "Minor League" games with two teams as follows "Colt 45's" with Lucas Jimenez, Jr., Dearl Crawford, Daniel LaCook, Jimmy Adams, Joe Herrera, Jerry Zelisko, Gary Beyer, Marvin Green, Franklin Henderson, Leon Zavodny, Larry Waits, Pat Landeros, Jr., Randy Castillo and Butch Beverly; the managers are Doyle Ray and Marvin Ralston.

The "Phillies" team is composed of Terry Taylor, Donald Henson, Wayne Psenick, Ral Wayne Jeske, Don Mayfield, Gary Jones, Joseph Whatley, Kenneth Arnold, Jeff Perry, Carl Ashcraft, Danny Henson, Raymond McDowell, Barry Ward; the managers are Claude Foster and Rip Warren.

The third set up is the Pony League of Academy, Holland, Rogers, Buckholts and it will get underway June 1, with games on Mondays and Fridays at 5 p. m.

Benefits Increase In Milam County

Old-age, survivors, and disability insurance benefits are becoming increasingly important as a community resource, according to Durelle L. Allen, district manager of the Temple office of the Social Security Administration.

A total of \$126,210 is paid monthly in social security benefits in Milam County. This is an increase of about 18 per cent over last year's figures. While the benefits are intended primarily for the beneficiaries' economic security, they help business in the community generally. Most of the money is spent immediately for food, clothing and other necessities.

At the present time, social security benefits are being paid at a rate of over one billion dollars a month. "There are several reasons for the increase," Allen said. "There are more aged people; benefits are now payable at age 62; and less social security credit is needed to meet the eligibility requirements from benefits."

The average old-age benefit nationally for December 1961 was \$75.65 for a retired worker. In the State of Texas, the average benefit was \$68.23.

The table below shows the number and amount of each type of benefit being paid in Milam County, as of December 31, 1961, the date of the latest available tabulation: Beneficiary group Num. Total Retired Worker 1336 \$79,898.00 Wife and Husband 539 \$16,174.00 Widow or Widower 187 \$10,375.00 Mothers and Children 387 \$14,968.00 Disabled workers and dependents 59 \$4,589.00

Students May Get Report Cards Tues.

Students will pick up their report cards Tuesday morning, May 29.

More Traffic For Southern Pacific

The general improvement in business conditions this year over that of early 1961 has produced more traffic for Southern Pacific and resulted in better first quarter earnings, D. J. Russell, SP president, reported at the railroad's Del. today.

First quarter rail revenues for the system totalled \$190,363,000 -- up \$14,970,000.

Net income of SP and its subsidiaries for the three month period was \$17,733,000 -- equivalent to 65 cents a share, compared to 55 cents a share a year ago.

Traffic gains were registered in nearly every category of freight, Russell said. Leading increases were in shipments of automobiles and parts, lumber and plywood, iron and steel manufactures, ores and concentrates and canned goods. Last year's very heavy movement of steel pipe for gas line construction on the West Coast was not duplicated and this traffic showed a decline.

Russell said that Southern Pacific

this year will invest about \$93 million in capital improvements -- bringing expenditures for modernization of plant and acquisition of equipment to one - quarter billion dollars in just the past three years.

"This continuing modernization program," he said, "helps us to operate more efficiently and hold down costs, so we can share such benefits with the shipping and consuming public and attract more business to our transportation plant."

Nightlighters Conclude Season

The Nightlighters Bowling League concluded their bowling season for the 1961 - 62 season with the following winners:

Salute To 1962 Seniors

The Seniors of 1962 are enjoying final recognition for 12 years of education this week during final graduation activities.

It is a happy time. This final week focuses attention on a group of youngsters who once they, "turn their tassels" will step into a new world of adult responsibility.

Their parents, teachers and friends justly recognize their hard work, their preparation for a larger role ahead.

Though, many or perhaps most, will continue their education in college, trade or technical lines, the major portion of preparation is behind them.

We present a challenge, even beyond the challenges awaiting them. We invite them to join in the efforts to bring Central Texas and Milam County to an even stronger role in the growth of Texas.

The adult community of this area is working toward broadening opportunities for themselves and their youngsters. It is for some of these bright young people to continue their vigorous interest in their home area and to further their opportunities here.

It is sad, at this glad time, to think that Central Texas' feature export (and greatest loss) is the majority of her young people upon graduation. We hope they will find a place to work and grow as adults in this region, perhaps reversing the outflow.

The major challenges await these youngsters, some 200 from the North Milam area. The Herald, thanks to the co-operation of many businesses and school officials providing graduation information, cites them in a sixth annual Graduation Section.

It is a salute they have earned.

State Finally Out Of Red

By Vern Sanford

AUSTIN — Big news around the State Capitol is that the state finally got out of the red.

Treasurer Jesse James announced the good news. Deficit, which had existed since September 28, 1958, was wiped out by heavy income from annual insurance and corporation franchise taxes, plus revenue from the new sales tax.

As of 1 p. m. May 18, there was a cash balance in the state's main checking account — the general revenue fund — of \$1,233,106.

Fund will be back in the red again, from time to time, before everything gets squared away. However, about a year from now a steady surplus should be on hand.

BUSINESSMEN LOSE MILLIONS

Texas businessmen are throwing away more than \$3,000,000 a year, according to State Comptroller Robert S. Calvert. This because they're not taking advantage of the prepayment plan under the new state sales tax.

Since small and big businessmen usually pay their bills within 10 days to earn a two per cent discount, Calvert can't understand why they waste \$3,160,000 a year by failing to get this same discount from the state.

Under the sales tax law's payment plan, a businessman can increase his allowable discount from one to three per cent. He can do so by rendering the tax for each quarter by the middle of the quarter to be reported. In other words, he can pay the tax in advance on a logical estimate.

Prepayment was conceived by the Legislature, Calvert said, as an incentive, with some consolation to the business that is forced to collect and report the tax. But today prepayment has been the most neglected section of the sales tax law.

TEXTBOOK LISTS WILL BE PUBLIC

When the House Textbook Investigating Committee was holding open hearings on books recommended by the State Textbook Committee of the Board of Education, one of the most frequent complaints registered by those who protested selections was that they couldn't get copies of the texts in time to study all the content.

The newly appointed textbook committee for 1962 has set forth a system for adoption which will give

Cotton Bagging For Cotton Balls Encouraged

COLLEGE STATION — A pilot program aimed at diverting low-quality cotton and cotton by-products into a bagging material for cotton bales has been announced by the U. S. Department of Agriculture.

The raw material for the bagging would come largely from the short fibers removed from cotton during ginning by lint cleaners. This lint, much of it now burned at gins, can be combined with other cotton by-products or low-grade cotton to make serviceable cotton bagging.

Under the pilot program, a payment of \$1 per bale will be made for the use of all cotton bagging, up to maximum of 100,000 bales. Payment will be from funds provided by Public Law 320. The program will begin on a date to be announced and terminate with the respect to the use of the bagging and filing of claims on June 30, 1963. Studies will be made during the operation of the program to determine the practical and economical value of this bagging.

The cost of the bagging will exceed that for jute which is now used. Producer organizations have indicated a willingness to assume part of the added cost during the initial stages of manufacturing and introduction of cotton bagging.

PAINT JOBS

A good paint job on exterior woodwork not only improves the appearance of a building, but protects it from the weather, says Bill Smith, extension forester. Paint can greatly increase the service life of wood used above the ground, he adds.

THE OLD PHILOSOPHER

Philosopher Explains How Candidates Can Spend More For An Office Than The Office Pays

Dear editor:

I was talking with a neighbor of mine the other day and he said there was a problem puzzling him.

He said he'd been reading some figures on how much candidates spend in a big campaign and what he wanted to know was, how can a man afford to spend four or five times as much running for an office as the office pays.

"You take when a man runs for some big office, Governor or Senator, say, why some times he'll spend more getting elected than the office will pay in fifteen or twenty terms, and nobody has ever held on that long. This doesn't make sense to me," he said.

Now I'll admit it doesn't seem to make sense, to spend more money getting a job than the job pays, but on the other hand, farmers do it all the time. Frequently, farming is like running a post office. It's a public service institution, you're not supposed to make a profit at it.

But the difference between a farmer spending more on a crop than that for some strange reason most successful politicians wind up in better financial shape than farmers, some of them wind up in better shape than before they got elected, which only proves they must be financial geniuses. When a man can spend \$50,000 running for a job that pays \$50,000 still come out ahead, you can see he's got something that you and me haven't. Of course, what he's got may have belonged to you and me once, but I don't have the facts to go into all that.

Of course, politicians explain their knack for spending more to get a job than the job pays, by emphasizing that their friends put

up the money, without, they always say, any strings attached.

I don't know about this. But if there aren't any strings attached, they sure get hold of plenty of it from some place, to string us along with.

Yours faithfully,
J. A.

NOW-BEAUTIFUL BUYING DAYS!

AT YOUR CHEVROLET DEALER'S ONE-STOP SHOPPING CENTER

New Monza Convertible—Corvair has gone and flipped its top! This one's got front bucket seats and that famous rear-engine scamper that make Monza-ing something special. If your dealer doesn't have one, he'll gladly order it.

Chevy II Nova 4-Door Sedan—This one fits big families and small parking places with equal ease. Gets all kinds of spunk from a gas-sippin' 6. You never saw luxury and low cost so beautifully blended. Or so easy on upkeep.

Bel Air 4-Door Sedan—These days, you'd be pretty hard put to find a more beautiful buy than this popular-priced Bel Air. Has all that Chevrolet talent for spoiling you for anything else near the price—things like that roomy Body by Fisher, a baggage room of a trunk with bumper-level loading, your choice of 6 or V8 engine and that velvety Jet-smooth way of going.

Batter-up!

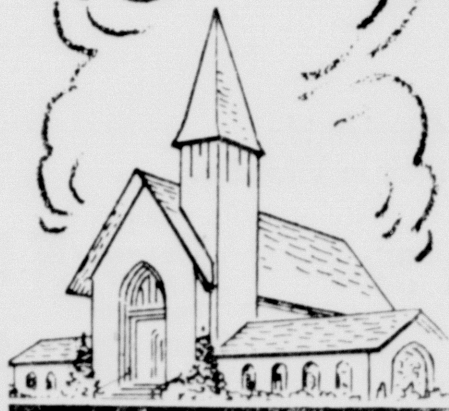

He looks like he means busi-
ness, too . . . and so does the catcher as he
gives the signals. But there's a way for both
to win even though one may be the "loser".
Life itself is a constant game of "winning and losing".
A "winner" may lose and a "loser" may win—it depends
upon character and attitude, as well as skill, or the lack
of it.

The church—for young and old—gives itself to
the task of building character capable of "winning in the
game of life". It teaches the right way to "fight" for
one's rights.

Perhaps the grandest lesson of all
which may be learned in the church
is the right to give up one's rights
for the sake of others.

How else could one truly win in the game of life?
"Batter up"! "See you at church"! Time to
start winning—or to keep on winning!

"Other foundation
can no man lay than
that is laid, which
is Jesus Christ"
1 Corinthians 3:11.

Band Organization Gives Wiener Roast

ROGERS — According to an announcement by Mrs. J. G. Lange, president, the Rogers Band Parents Organization gave the annual end-of-school wiener roast and picnic for all of the school bands Monday evening at 6:30 at the band hall. Various committees that had been appointed made the

necessary preparations and served the picnic.

At 8 p. m. the new officers headed by Mrs. Barney Sparks as president were installed. In addition there was a short business meeting. Other officers installed were

vice president, Mrs. Jerry Simek; secretary, Mrs. C. O. Gunter; treasurer, Clarence Dubcak; reporter, B. F. Harbour, parliamentarian, Mrs. J. C. Lange; Executive Committee members: Mrs. Ernest Schiller and Mrs. Floyd Frits.

HE TOOK A BARREL OF BAKING SODA FOR GAS!

One man told us he took baking soda for years. Claims he has used over a barrel of it for stomach gas, but got only temporary relief.

Recently he quit the soda habit and took V.I.H. This new medicine is bringing REAL, lasting relief to many people who had never been really helped before by any medicine.

V.I.H. contains No Alcohol — No Habit Forming Drugs whatever, but is made mostly from Nature's own roots, barks, herbs and leaves, combined with other splendid ingredients. In all it contains over 20 fine ingredients.

V.I.H. brings fast relief to sufferers of stomach distress, indigestion, gas, sleepless nights and constipation. Yet costs only a few cents a day. No wonder hundreds of men and women are taking and praising this Great Liquid Preparation.

So don't go on suffering. Go to the drug store — NOW — and get V.I.H.

SOLD AT ALL LEADING DRUG STORES.

Thirty-five guests enjoyed cokes, coffee, dips and assorted crackers. Gifts were presented to the honorees.

Highway Dept. Sets Program For May 25

How does the Texas Highway Department use tiny glass beads to make your driving safer? Why do highway engineers cut circular holes in brand-new highways?

These are only two of the many fascinating aspects of highway engineering and maintenance that local citizens may explore on Friday, May 25.

On that day the Highway Department will hold "Open House" at the District Office as part of National Highway Week (May 20-26), announced District Engineer C. B. Thames.

Any interested resident of the area may visit the District office at Bryan, Texas during the hours 8 a. m. to 5 p. m. and observe the daily functions of the public agency which is responsible for the care of a complex highway network of 2,387 miles in this District.

District Engineer Thames said the Open House will show the public how the Highway Department operates on a normal working day.

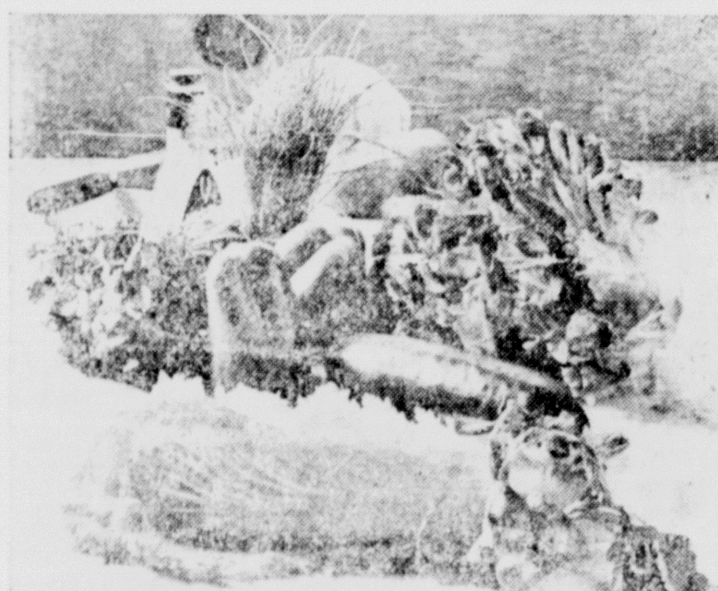

"I would like to extend a most cordial invitation to the citizens of this area to visit our 'Open House,'" he said. "Your neighbors who work for the Highway Department would like to show you through our facilities and demonstrate a few of the many tests and operations we conduct daily to care for the highways."

Visitors to the Open House will see examples of two-way radio communications; shops where new highway signs are made and old signs repaired; and the various machinery and laboratory testing apparatus used to determine the quality of new highways being constructed and to maintain existing roads in smooth riding condition.

Births

To Mr. and Mrs. Billy Thompson, a girl, Jacqueline Moneck, 8 pounds 10 ounces, on May 21 at St. Edwards Hospital.

HOW TO MAKE A SALAD

A successful salad, we'll all agree, is one that invites the eye, delights the taste and cheers the spirit. Fortunately, such salads, crisp, perky and tempting, are easy to come by. Here's the simple how:

Wash greens thoroughly. Shake them and pat dry with towels... all with a gentle hand.

Tear greens by hand into bite-size pieces. (Cutting turns the edges brown.)

Cut celery on the bias, peppers in rings, tomatoes in wedges, fruit in balls or sections. (Do not cut or add tomatoes until just before serving. The juice runs out.)

Chill everything, including the salad bowl.

Then comes the gourmet touch that "makes" the salad... the dressing! The dressing is so all-important that only a really fine one will do such as, for instance, a Wish-Bone dressing, perfectly blended to meet the most discriminating tastes. There's variety also—among them Italian, French, Cheese and Russian. And for calorie counters, either Low Calorie Italian or Low Calorie French.

Use just enough dressing to coat the greens and lend flavor.... a scant one tablespoon per serving. Toss lightly.

Temple DAR Hosts Cameron Chapter

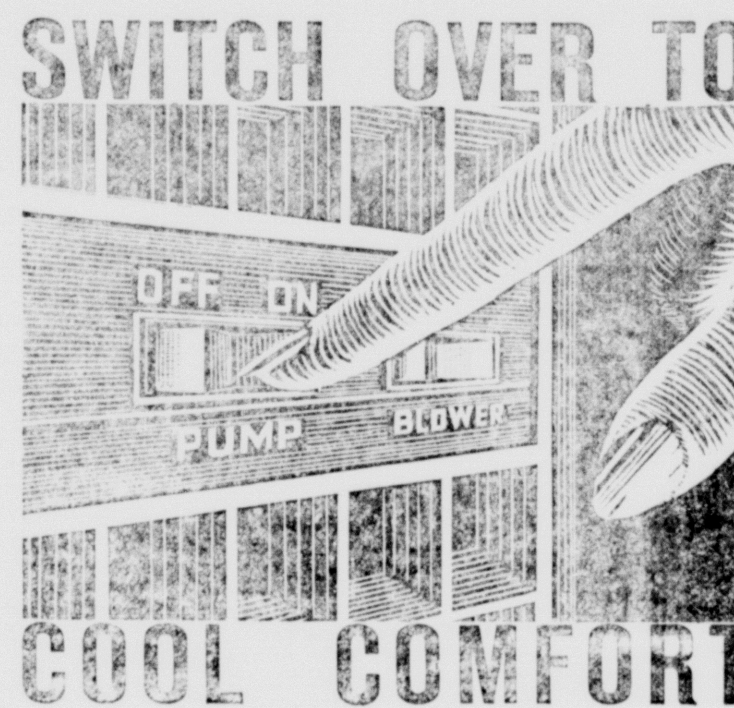

The Betty Martin Chapter of the DAR in Temple was host to the Sara McCalla Chapter of Cameron recently. Those attending from Cameron were Mrs. T. F. Criswell, Mrs. Graham Gilis, Mrs. Henry Hefley, Mrs. G. A. McDermott and Mrs. A. J. Mondrik.

Mrs. Herbert Fletcher, Salado and Mrs. R. H. Gough, gave a report on the 71st Continental Congress of the NS DAR. The DAR Congress is held each year in Washington, D. C. during the week of April 19, the anniversary of the Battle of Lexington.

CAMERON

TELEPHONE TALK

by C. L. Carson, Manager

HOW TO USE PAY TELEPHONES IN CAMERON

Here are some simple rules to follow in making or receiving calls from pay telephones:

To place local calls you simply (1) lift the receiver (2) listen for the dial tone, then dial the number (3) when second dial tone is heard, deposit one dime or two nickels. To make a long distance call, obtain the assistance of the operator, or in case of emergencies; dial "0" for Operator. You need not deposit coins to get the operator.

All Cameron customers should remember that when your telephone rings, it may be call from a pay telephone. If it is, the calling party will not be able to talk to you until he has deposited his coin (one dime or two nickels) to complete the connection. If you receive such a call and you get no response from the calling party, please don't hang up to soon. Wait several seconds or allow ample time for the caller to deposit his coin.

If everyone will observe these simple rules, there should be no difficulty in completing calls placed from pay telephones.

Ever stumped for a program for your club, church or civic group? Next time this happens, call us at the telephone company.

More than 5 million Texans watched telephone films at their organizations' meetings last year.

These films cover a variety of informative and entertaining subjects -- from the award-winning television Science Series to the tracking system in John Glenn's historic space flight. And, they're available on a free-loan basis.

SECONDS FOR SURVIVAL --

An enemy attacks the United States and our defense system goes into action.

ANATOMY OF AN ACCIDENT

A top-notch film on safe driving.

A MANNER OF SPEAKING --

This film dramatically shows how you can get the most effective use from your business telephone.

SCIENCE SERIES --

An award-winning TV series covering such subjects as the sun, blood, genetics, time, cosmic rays, the senses, weather and language.

To order telephone films for your group, just pick up your telephone and call the telephone business office, OX 7-4601. Or write to Southwestern Soundfilms, 1709 South Lamar, Dallas 15.

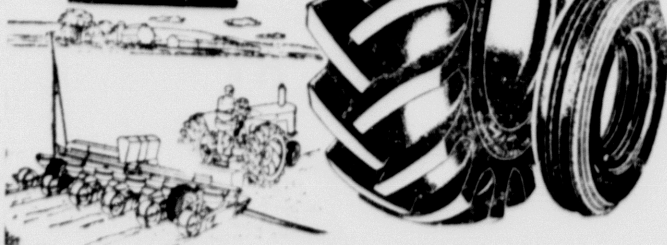

Call by number, it's twice as fast.

Plans Going For New Rogers Site For First Baptist

ROGERS — The First Baptist Church of Rogers has adopted an educational building program effective immediately, according to an announcement this week by the pastor, the Rev. Clyde Lee Herring. The Church in conference had approved the low bid of Wm. Cameron Company of Rogers, and authorized the building committee to proceed at once with the construction.

The educational building will be added to the south end of the sanctuary building and will provide ample quarters to house the young people, intermediates, and junior departments of the Sunday School, of which Doyle Ray is general superintendent. The building will be completely air - conditioned and centrally heated. The building committee will give each family of the church an opportunity to make further contribution to the building fund.

For many years the young people, intermediates and juniors of the church have met in the old basement across the street from the sanctuary, which is uncomfortable and inadequate. The new facility will give comfortable space for the present attendance which averages about 160 per Sunday and provide for space to take care of an expected average attendance then of about 200 in Sunday School.

Milam Guard Unit Completes 15-Day Maneuver

FORT POLK, La. -- Milam county's Company C, 3rd Medium Tank Battalion members have just completed a 15 - day field maneuver during which they served with Aggressor forces.

It was a unique assignment during the giant training exercise Iron Dragon. The maneuver was designed to test the 49th Armored's combat readiness and a capable enemy force was needed.

Thus the 3rd Medium Tank Battalion, composed primarily of personnel from Temple, Huntsville, Taylor, Cameron and Crockett, was selected to represent the armor elements of the Aggressor force.

Milam county's tankers spent 15 days and nights fighting a U. S. Army division, as well as snakes, swamps, ticks, poison oak, heat and dust. Temperatures stayed between 85 and 90 degrees, and although the humidity was high the skies stayed clear.

Iron Dragon ranged over a 65-mile - long maneuver area that included 1300 square miles. The Army had leased 400,000 acres for the exercise in addition to regular Fort Polk territory.

At one point during the exercise, the 3rd Tank Battalion arose two hours before dawn and overran the 49th lines to eject a 15 - mile penetration. Milam's Company C, during the course of the problem captured about 200 prisoners.

Umpires from Fort Hood, judged the combat situations and "tagged" personnel as dead, wounded or captives as the situations dictated. Actual firing of weapons was

done with blanks, but throughout the two - week problem the roar of artillery, tank and individual small arms could be heard.

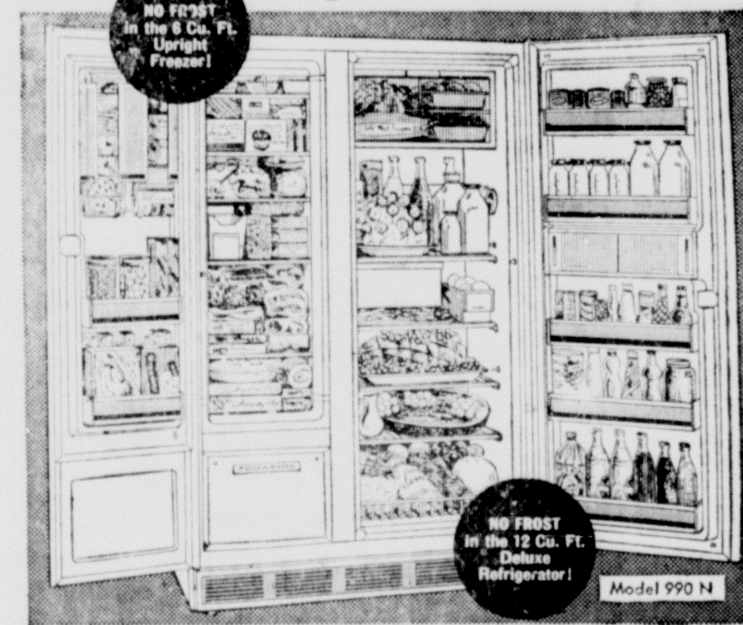

Third U. S. Strategic Army Corps (STRAC) directed the exercise and the Corps personnel praised the 49th and the Aggressor forces for their performances. At the close of the exercise, the 49th units returned to regular garrison areas at Fort Polk.

Sfc. Joe Vybril of Cameron, first sergeant of Company C, said that the unit will probably return to the Cameron armory on or about August 6. There, the soldiers will complete de - mobilization processing and return to civilian life.

The unit was mobilized last October 15.
